

The TTI is your immediate response solution to trailer theft. Secure unattended merchandise trailers overnight with Sennco Solutions' trailer theft deterrent & response solution, the TTI- Trailer Tie-In. So easy to operate- anyone can do it! Just feed the heavy-duty tamper resistant cable through the I.C. bar or door handle of the trailer and connect to main TTI unit. Do the same for a second trailer if necessary. Visibility of system provides a high level of deterrence and if cables are tampered with or unplugged from the main TTI unit, your alarm company will be notified immediately—saving valuable response time.

Exclusive Features:

- One TTI secures up to TWO trailers
- Easily connects to your alarm system
- Simple interior wall mount installation
- Durable powder coated steel enclosure
- 30 ft. heavy duty ratcheting securing cables
- Weather resistant cable
